

Moving animals

A lift-the-flap books' collection
for early childhood

- 10 Lift-the-flap hardback's books with round corners and a small size for little hands
- One book, one animal, ranging from the big blue whale to the small head lice
- A funny way to start reading : Children can open flaps, unfold spreads or pull small bars to discover each animal species' way of life.
- Simple words and funny situations, beautifully illustrated by Charles Paulsson
- To put in all curious child's bookshelf!

PUBLISHED

AUTHOR

Charles PAULSSON was born in 1972. Passionate about nature and literature, he writes and draws books for children when he does not walk around. With «animated animals», he finally combines his two passions to the delight of young and old.
